BURGLARS APPREHENDED.

Charles Layfield and George Bennett Caught by Sheriff-Bennett Confesses.

Three Firemen Hurt While en route to Fire - Funeral of Joseph S. Williams - Police Court.

Before Judge Hall on Saturday two vars were ordered from town, Officers Hutchens and Farr had a ively time arresting two men, Alex Been and Frank Forbes, for begging on 3th street Saturday afternoon. Forbes broke and ran, but was reaptured and handcuffed, but resisted the officers all the way to the police

In the case of Max Davidson vs E. A. Munsey, Davidson was given a verdict for \$7.42, as instructed by the court, and 10 additional costs as damages. Chief Conlisk, Capt. Browning and the city councilmen were in Salt Lake Saturday attending court in the water-

works case. BURGLARS CAUGHT.

On Saturday night Sheriff Layne arrested Chas. Layfield and Geo. Bennett sear the Eagle Mills, for robbing Rockhear the Eagle Mills, for robbing Rock-ham's store in Wilson's Lane, and Na-than Hawkes' store in West Weber. The men appeared at a second hand store on Twenty-fifth street and purchased a glass cutter, paying 60 cents for the same in pennies and having about as a glass cutter, paying so cents for the same in pennies and having about as many pennies left. As about 100 pennies were taken from the place of Mr. Hawkes, the sheriff, as soon as he heard of the matter, concluded that the men vere the right parties and they were rested. This is the second time the sheriff has had business with old man Layfield, as he was arrested in California for stealing a boat and Sheriff Lane ent after him for stealing some sheep out the case did not hold. After much abor with Bennett, who is only a boy, he was persuaded to divulge the hiding lace of the stolen goods, and Sheriff blace of the stolen goods, and but and all but some \$7 in silver from the hiding place, at about 35th street, a half mile west of the U. P. tracks.

FIREMEN HURT.

What may prove a very serious acdent occurred last night at about 8 clock, when a fire alarm was turned from the corner of 24th and Washngton. In responding the chemical Grant to 24th, and in making he turn did not take room enough, and ran into one of the large telegraph coles, throwing out Driver A. T. Walram and Assistant Chief Hewett, were on the seat and throwing Forest Geiger, who was on the hind end. Driv-er Waldram, it is feared, is injured internally and Hewett and Geiger are very badly bruised, the horses broke ose and ran out on Washington aveue, but were caught uninjured. hemical machine is badly sprung, and may have to be sent East for repairs The fire was in the basement of the Methodist church, and was caused by an overheated pipe setting fire to a thin ftion and was put out by the use of Babcock hand extinguisher, with nages to the amount of about \$5. The burch was crowded, as Evangelist ver was preaching, and for a few inutes the excitement was intense. as the smoke poured up from the base-ment, a few well chosen words reasured everyone and the meeting was

BRAIN FOOD

Is of Little Benefit Unless it is

Digested. Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains. For business men, office men and clerks, and in fact everyone engaged in sedentary or indoor occupations, grains milk and vegetables are much more healthful

Only men engaged in a severe outdoor manual labor can live a heavy meat diet and continue in health. As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk

f food eaten. But many of the most nutricious oods are difficult of digestion and it i of no use to advise brain workers t eat largely of grains and vegetal where the digestion is too weak to as similate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be tak-en after meals to assist the relaxed digestive organs, and several years exsia Tablets to be a very safe, pleasing and effective digestive and a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ but only on the food caten. They supply what weak stomachs lack, pepsin diastase and by stim-ulating the gastric glands increase the natural secretion of hydrochloric acid People who make a daily practice of taking one or two of Stuart's Dyspen-sia Tablets after each meal are sure have perfect digestion which means perfect health.

There is no danger of forming an injurious habit as the tablets contain ab. solutely nothing but natural digestives: cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dyspensia Tablets ar ertainly the best known and most popular of all stomach remedies.

provement in health, appetite and ner-

vous energy.

Special Correspondence, Pocatello, Idaho, April 7 .- Word has just been received here of what is believed to be one of the most atrocious crimes in the history of the State, that has come to light at Payette. It is believed that the 10-year-old daughter of Mr. and Mrs. James Hull, who live there, was outraged and either mur-dered to conceal the crime or died from its effects.

The crime was committed at Baker City, Ore., last July. Although officers have done some work on the case, the

facts have just been made public.
The girl, Della Fay Hull, went to visit at Baker City, accompanying some friends who had been visiting at her ome. She stopped at the boarding ouse of the Virtue mine near Baker home. which was kept by a woman named Mrs. Jacks. In two weeks the girl's mother wrote from Payette asking her to come home. Mrs. Jacks replied for her that she was having a good time and would be home soon. Other letters to the girl were also answered by Mrs. lacks, all stating the girl would be sent home soon. Finally came a telegram signed R. H. Butler, saying: "Come immediately, your daughter Fay is dy-

ing."
It has since been learned, it is said, when the telegram was sent, Mrs. Hull went to Baker at once, being told on her arrival that her daughter was dead. It was stated she had died from diphtheria, although the mother had never been advised of any iliness. The mother was not allowed to handle the body, which was em-balmed. A physician's certificate was obtained, that the girl had died from diphtheria. This, it is said, was necessary in order to have the coffin sealed for transportation without arousing

Butler, who told Mrs. Hull he was the foreman at the Virtue mine, and Mrs. Jacks accompanied the body and Mrs. Hull home. Butler, it is said, never left the casket until it was lowered into the grave, He returned to Baker, after paying all the expenses of preparing the body for burial and transporting it to Payette. His actions aroused the suspicions of Dr. A. T. Kimmell, who, with Dr. Ira R. Woodward, exhumed the body. They found absolutely no evidence of the girl having died from diphtheria, but they found, it is stated, unmistakable proof that she had been outraged. The result of the autopsy was laid before District Attorney White at Baker City, who has not, as yet, called it to the attention of the grand

The name of a prominent mining man and others will be called to the atten-tion of the authorities, as steps are being taken in this State to force a thorough official investigation in Oregon. While it is possible, according to the theory of officers in Idaho, that the man Butler knows all about the crime, the prominent part he played precludes the idea of his being a principal. It is thought he was put forward as a shield for the real culprit. The girl, though only in her tenth year, was a handsome child and large for her age.

## METROPOLITAN RACING SEASON.

It Will be Ushered in at Aqueduct Next Monday.

THE HANDICAP CANDIDATES

Kinley Mack Leads Them All-He Has Wintered O. K. and is Exceptionally Well and Strong.

New York, April 8.-The racing season on the Metropolitan tracks will be ushered in at Aqueduct one week from

Kinley Mack leads the field of handicap candidates. He has wintered exceptionally well and isstronger and more lusty in wind and body than last season. His trainer has paid careful attention to his legs, and to the naked eye they appear much better than they were when he won both the Brooklyn and Suburban handicaps. In the work asked of him so far he has not shown a trace of ailing in his "bad leg." Instead he goes sound and strong. He is receiving a slow, even preparation for the Brooklyn handicap, which will be his first start of the year.

Ethelbert will hardly face the flag before the Suburban race. He may be given one or two spins in an over night race to round him up thoroughly, but his real appearance of the year will be in the suburban. Perry Belmont, his owner, is anxious to win this classic event, and the horse is receiving a spe-cial preparation for it.

Prince of Melbourne divided the hon-ers of champion three year old with W. Whitney's Kilmarnock last season Mr. eBard's colt won a number of races at all sorts of distances and with big weight up. He won the rich Realization stakes in the mud after a hard race with Ildrim. He has improved con-siderably in appearance during his winter let up, and in conformation he is a fine type of a horse. The pines of Lakewood have been most beneficial to his health, and he will strip sound in wind and limb at Gravesend for the

opening of the campaign.

Imp will not be ready for the bugle call till late in the season. She is not engaged in any early stakes, and her trainer will not get her ready till latter part of the first Coney Is Jockey club meeting. When Saratoga opens this mare will be in fine fettle When Saratoga She has not taken on much flesh dur-ing the winter and her nervous system is receiving special attention.
Voter, James R. Keene's crack sprin-

ter, is training down at Brookdale, N. J. Like the majority of the Keene horses he has improved in looks during his let up in training. He has all his old speed and is being galloped daily in order to get him in shape for the Metropolitan, Of the three-year-olds entered in the

big handicap Beau Gallant, Bellario and All Green are the most prominent. The first two are owned by Richard Croker, who bought them last fall after they had won a number of high class Beau Gallant had the distincraces. tion of Heading Commander in the only race Mr. Keene's great colt lost. At one time during the winter he was very sick, but he has now fully recovered and is taking regular exercise. He will not be a factor in the early races. He was not extensively engaged before Mr. Croker bought him, and has only been recently entered in a number of stakes. Frank Brown, his trainer, is not hurrying him along and will not

start him much before Gravesend. Bellario is being "drummed" along in his work in order to get him ready for Morris Park. This game son of Belvidee is heavily engaged in a number of stakes and unless he down, which is a remote possibility, he will start in a majority of them. His first effort will probably be in the Met-

ropolitan handicap.
All Green will start in the Metropolitan unless something unforseen creeps up. This colt has entirely recovered from the lameness that kept him from winning more races last year than he is credited with. He has worked well. He is fast, can carry weight and go a distance, and should the track be mud-dy his chance would be enhanced con-

### LOCAL EVENTS.

QUESTION OF WEATHER.

Local Fans Expect to Play Ball Next Saturday.

"Oh! what will the weather be?"

That is the question troubling the fans of this city, and they are looking for-ward to next Saturday with no little anxiety. The local teams have been practicing a little of late as though they anticipated nothing to prevent the season's opening on the 13th. Clippinger and Risley at present feel determined to begin hostilities next Saturday whether the weather man gives his consent or not, but all are hoping for sunshine during the rest of the week. Saturday afternoon both the Railways and Salt Lakes were down at Walker's for a "try out" and every man gave a good account of himself. Nels Margetts of the Salt Lakes, whose positoin is at home plate, worked like he had been in practice all winter, and it

is safe to say that if a man trys to pur-loin second base while Nels has the sphere in his good right, that man will regret his folly.
Ogden seems to be a little slow and it is a toss up as to whether they will be ready to play by next Saturday. Jack Meinecke of Park City, came down last evening and announces that his line-up is practically complete. He is now looking for a center fielder, but as he has several on the string, the gap will soon be filled. He also says that the new gray flannel suits with maroon trimmings have arrived. Walt Sear of the Rio Grandes of last year will play behind the bat and he will give an account of himself. Redmond of St. Joe, Mo., is scheduled for the box. On first will be seen Maloney, formerly of Denver league nine. "Uncle" Jack the Denver league nine. Meinecke will do a stunt on second. His work is so well known that he

Line Up of the Baseball Nine Completed.

Captain Nicholson of the Business College ball team announced the lineup last evening for the coming season. the Gun club's Saturday shoot Captain Callison won the "B" medal by straight shooting. His feat is considered remarkable considering the con-dition of the weather, and the wind blew nearly all the time. In a fifty bird contest he lost nary one. J. F. Sharp came next with a score of 46, followed by Jones with 45.

but Nothing Done. An effort will be made during this week (perhaps) to organize a rifle club in this city. O. E. Wilson is the person who is endea oring to stir up interest in matter and he seems to have enountered some success. A meeting was alled yesterday for the purpose of considering some plans but nothing was done owing to the small attendance. It was finally decided to let the matter rest for a day or two and then call another meeting when all interested can be present.

Challenge for Y. M. C. A.

This afternoon Manager Bassett of the L. D. S. College basketball team issued a challenge to the Y. M. C team to play at any place this week Says Mr. Bassett: "The claim to the eague championship of the Y. M. C. A. s undisputed and of that we have noth. ing to say. But when it comes to a question of State championship we do have something to say. We have feated all the outside teams so far and we expect to win from Provo.

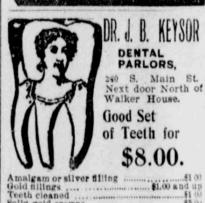

"We think we have a right to demand a game with the Y. M. C. A." Smurthwaite's pasture seeds for all soils, irrigated or dry-are money makers. Smurthwaite's, 132 State, S. L. City.
